About Aurora Health Care

Aurora Health Care is an integrated, not-for-profit, and all-for-people health care provider serving communities throughout eastern Wisconsin and northern Illinois. Our approach keeps people in our minds and at the heart of everything we do. We treat each person as a person, not as a patient, an illness or an appointment.

Aurora got its start in 1984 when two established Milwaukee hospitals, St. Luke's Medical Center and Good Samaritan Medical Center, came together to form Aurora Health Care. Over the years, our organization grew, allowing us to help more people and communities.

Today we serve communities throughout eastern Wisconsin and northern Illinois, with 15 hospitals, more than 150 clinics and 70 pharmacies in 30 communities. We strive to offer services that are close to home, and help make the whole community healthier.
